

Xyron 4400

**COLD LAMINATION SYSTEM, 38" & 42" WIDE LAMINATE ROLLS
NO WARM UP, NO ODOR, NO WRINKLING, NO BURNT FINGERTIPS!**

The Xyron 4400 laminates or applies adhesive to items up to 44" wide. Great for finishing wide format printed documents. POP, signage and other large documents are finished quickly and cleanly. Change roll sets to change applications. Includes stand and input tray

Offering three solutions in one easy to use package, the Xyron 4400 makes large document and poster finishing fast and easy. The Xyron 4400 instantly applies matte or gloss laminates, adhesives or both without heat. The width is adjustable to accommodate 42" & 38" documents. Input roller arms allow rolls of documents to be easily finished. Large input tray with alignment markers and adjustable edge guide aid in document feeding. The patented supplies allow users to quickly and easily change between applications. The Xyron 4400 is the one machine for all your document finishing needs.

Supply Descriptions:

Gloss Laminate: A high gloss film suitable for use on a variety of substrates. The film has superior adhesion, excellent clarity and is compatible with most media

Matte Laminate: A high end clear laminate with minimal reflection. A versatile film suitable for both indoor and outdoor use

High Tack Mounting Adhesive: An aggressive adhesive that instantly creates a permanent bond on most surfaces. Has excellent clarity and a pH in the range of 5.0-7.0.

Re Positionable Mounting Adhesive: Works similar to the other patented Xyron mounting adhesive products but allows you to reposition your item over and over. It will allow easy removal from glass, walls, paper and most other surfaces.

Combination One Side Lamination / One Side Adhesive \ Application: Xyron's general use laminate on the top surface and one of the mounting adhesives described above.
